

Jefferson County Photography Club

Minutes

May 14, 2024

Attendance: John Kracke, Doug Allmond, MaryJo Bennett, Ellen Hardesty, Suzanne Bowers and Karen Geier-Smith

Doug Allmond, Suzanne Bowers and John Kracke shared their images of the recent eclipse. Their photos were awesome.

MaryJo has decided to step down from her position as Media Coordinator. We need a replacement.

We have two exhibits coming up: Fire House Gallery October 30th– November 25th and the Summit Point Library in December. Get out and start shooting now so that we have two fantastic exhibits. MaryJo Bennett suggested that we have receptions at both events.

This month's challenge was Dept of Field. MaryJo Bennett, Suzanne Bowers, Doug Allmond, John Kracke, Karen Geier-Smith and Ellen Hardesty had some great photos to share. John Kracke will be posting some of the images to our web sites.

Karen Geier-Smith gave an excellent Lightroom presentation. She showed us how to create masks, select people, move easily from Lightroom to Photoshop, etc.

The fee for Lightroom Classic is \$9.99 a month

Doug Allmond pointed out that there are other programs on the market that will perform similar functions. Doug uses Luminar and Apple Photo. For those who use Topaz AI, it will talk to Apple Photos. Canon Digital Professional is another program with many features. You need to find a program that works well for you.

Photo Opportunities:

June 1 10am – 4pm Ranson Festival and Car Show

Shenandoah Museum, Winchester - Glass Sculptures June 8 – October 13. Wednesdays are free.

Hollywood Race Track (JK Note, Permission is required to take photos at the track however I don't think it is enforced)
