

Jefferson County Photography Club

Minutes

August 12, 2025

Attendance:

Suzanne Bowers, Karen Geier-Smith, Ellen Hardesty, Karla Hsu, John Kracke, Katie McKenna

Workshop:

The evening started off with a demo of Double Exposure Photos. Suzanne Bowers showed us how to take double exposures on various cameras, including phones. Not all cameras have the capability to do double exposures, but a cell phone can take great ones. Snapseed can be downloaded on an iPhone for free or Android users can download Expert Raw.

The group then proceeded to take photos in and outside of the building. These will be shared at the September meeting.

Critique:

Katie McKenna brought in a photo of her young son for us to critique. Club members agreed that it was a great photo and made a few suggestions to further enhance it.

September Challenge:

Bring 2 -3 photos on a thumb drive of your best Double Exposure shots.
